

DOCTOR

Lay down. Get some rest. You are still very weak.

MR. WOLF

I'm just gonna ... shut my eyes for a minute ...
(drifting off)

The doctor tucks him in and checks
his vitals.

After a moment -

WINNY

Is he asleep?

DOCTOR

Like a baby. How did I do?

WINNY

What? Oh. Great. You're a regular Laurence what's-his-name!
You made *me* think you were a real doctor. I almost started
asking you about my bone spurs.

(re: Mr. Wolf)

You can't compete with this guy, though.

(very impressed)

This *guy* ...

DOCTOR

He was very lifelike.

WINNY

He was. I agree. I didn't catch a single glitch this time.
Did you?

DOCTOR

No. And his arms didn't fall off this time.

WINNY

Progress!

Winny starts examining Mr. Wolf
closely.

WINNY

How's the body?

DOCTOR

Still perfectly preserved. I checked on it this morning.

WINNY

You didn't accidentally turn the freezer off again, did
you?
