

WINNY

You'd be in breach of contract ... *if* -

MR. WOLF

"If", what, humm? If *I* want to be the one to decide what I do with whatever time I have left?

WINNY

Charlie - Buddy - Be reasonable. I don't want to have to sue you.

MR. WOLF

*You're* going to sue *me*?

WINNY

I don't *want* to. Lawsuits are expensive. They tie up time and resources ... We're already embroiled in this thing with the writer who wrote the script for that Edible Arrangements movie a few years ago. I don't want to spend my entire day talking to lawyers!

MR. WOLF

You aren't exactly leaving me with a lot of choices here, Winny!

WINNY

It's better than not having *any* choices, at all, about anything. Why are you giving me such a hard time about this thing? I busted my butt trying to put this deal together for you. You're not gonna *get* a better deal than this, Charlie, *and* it's a better deal than you've ever gotten before. Don't go getting all Aguilera on me, man! Just say yes to the fucking thing and we can all move on. I was supposed to be at a thing at 2!

DOCTOR

(referencing the time)

Uhhh ...

WINNY

I know. I'm late! ... I'm supposed to meet these people at a fondue place. I fucking hate fondue.

MR. WOLF

I think you're missing the point.

WINNY

I don't think I am. I think you're being a prima donna.

MR. WOLF

This is my life! I'm not your fucking puppet!
